- ❖ New York
- ❖ Georgia
- ❖ Texas
- ❖ Nevada
- ❖ Alaska

Fun activities we will be doing:

- ❖ Statue of Liberty Crowns
- ❖ Peach tasting
- ❖ Paper roll spaceships
- ❖ Hard hat making
- ❖ Ice fishing!

EICK

The Week Ahead

We are starting our trip around the world right here in the United States! The students will start their week off by creating a summertime capsule. They will add things to it as we travel new places each week!

Paper towel roll space ships!

Statue of Liberty crown & torch craft (left), baking soda experiments with vinegar & food coloring (right).

We are so excited to begin summer camp this week, it is going to be so much fun! We are starting off on Monday by learning all about the “Big Apple”. On Tuesday, we are traveling to Georgia where we will learn all about peaches, sweet tea, and the state flower. Texas awaits us on Wednesday as we plan to explore the NASA Space Center and learn about rodeos. Thursday we will be stopping by Nevada to learn all about the Hoover Dam, and how hard hats were invented for those who worked on it. We will finish off the week in Alaska, learning all about its interesting wildlife, 40 active volcanoes, and the Northern lights!
