

About Us—Private Childcare Center (licensed by ODJFS, accredited by Step Up to Quality and the Better Business Bureau):

- EICK develops innovative thinkers by exposing students to the design thinking process and hands-on learning experiences while also meeting the state early learning standards.
- EICK does not promote screen-time.
- EICK integrates literacy and career tech training into all age level programs.
- EICK promotes STEAM (science, technology, engineering, art, and mathematics).
- EICK has flexible options to meet your scheduling needs. Call for more information.

Please Note:

- We bring **enrichment activities** to our location (zoo, aquarium, observatory, museum, Wright Pat programs, and more) at no additional cost to parents, rather than doing outside field trips.
- We provide morning and afternoon snacks, & require families to pack lunch for their child, as we find students eat what they bring from home.
- If you pay for full time or full day, your child can attend times you need starting at 6:30 a.m. through 6:00 p.m.
